# INTERNATIONAL CATHOLIC CONGRESS OF ANGLICANS

Inspired by the famous Anglo-Catholic Congresses of the 1920's, it's our hope that this Congress will be the start of more to come.

"Our goal is to let our Lord form His mind in His Church...that we as Anglicans overcome our ecclesiastical deficits and grow in the mind of Christ, to be, to think, to speak and to do all that He wills for us. That means restoring the conciliar Church, the Church of the Councils and the Fathers, the Church of the undivided first millennium...The reason this is so important is that the Congress deals with the next step we must take as Anglicans."

-Bp. Paul Hewett
